## Degree Requirements

All School of Continuing & Professional Studies undergraduate students must satisfy the same general-education requirements.

Students in BSIS programs must complete a certificate, tailoring their degree to their educational and professional goals. Students in the Clinical Research Management program may fulfill this requirement with the overlapping Certificate in Clinical Research Management. In some cases, students with extensive work experience and/or a significant number of transfer credits may have the certificate requirement waived. Requests for waiving the certificate requirement are reviewed and approved by the Vice Dean on a case-by-case basis.

Students in BSIS programs must also complete a Community Engagement course. A designated CAPS course will fulfill this requirement.

Requirements specific to the field of study include the following:

**Required courses:** 40 units

*This program is offered fully online. Students entering the U.S. on an F-1 or J-1 Visa must enroll in a program full time. F-1 students are only permitted to enroll in one online course per semester and J-1 students may only enroll in non-credit online courses that do not count toward their degree program. WashU Continuing & Professional Studies (CAPS) cannot guarantee face-to-face enrollment options each semester of full time enrollment, therefore cannot issue an I-20 or DS 2019 to F-1 and J-1 students for this program. If you are an F-1 or J-1 student and wish to enroll in a CAPS program while here on a Visa, please contact our recruitment team to discuss your options for face-to-face program enrollment. F-1 and J-1 students should not enroll in online courses or programs without first consulting the university's Office for International Students and Scholars (OISS).*
