

# Social Sciences, BSIS

The Bachelor of Science in Integrated Studies: **Social Sciences** is designed for adult learners who want to build on their existent education by engaging with subjects across Social Sciences disciplines. Students acquire a foundation for career development and lifelong learning, honing skills in writing, deep reading, research and critical thinking. When approaching subjects across disciplines, learners consider and analyze issues using multiple lenses.

Students learn to appreciate differences across cultures, in areas of work and life, and among individuals. They deepen their understanding of problems, test new approaches to challenges, and learn to solve issues creatively.

This program can be completed entirely online.
